

# A WEEK OUT AT THE FARM

Spending the week at the farm gives children the unique opportunity to have hands on learning time at the farm. It is touching,

seeing while interacting with the land, that children will understand where their food comes from.

Our goal is to make this fun with a side of

learning. The week long workshops include daily chores such as collecting eggs, grooming animals and what the big machines are and how they help cultivate the land. Why is hay stored for the winter? How was it done before machines? How do plants drink? What is a baby sheep called? Each day will include classes from around the farm and farm related crafts. These are memories that will last a lifetime.

## What to bring:

- ⇒ Your lunch (we can keep cool)
- ⇒ A reusable water bottle
- ⇒ A great attitude
- ⇒ And a smile!

## What to expect:

- ⇒ Make fond childhood memories
- ⇒ Take home projects
- ⇒ Interaction with many different animals
- ⇒ New knowledge of farm equipment
- ⇒ Time out in the fields

## A DAY AT THE FARM

- 9 am - Check in
- \* Hayride to Farm
- \* Lunch
- \* Games
- \* Hands on Activity
- \* Water activity
- \* Wrap up and Snack
